Yamaha GP760 and GP800 Review.  
The very first GP model, the Yamaha GP760 was released in 1997. It had the same hull and features as its brother, the GP1200. The only difference was that the GP1200 had a more powerful engine, and was heavier of course. The GP760 offered a really fun ride and easy control due to its lightweight semi V-shaped hull.

[givelocalsjc.org](http://givelocalsjc.org)

The GP1200 and 1200R were in production from 1997 to 2002, but to be more precise: GP760: 1997-1999; GP1200: 1997-1999; GP800: 1998-2001; GP1200R: 2000-2002; GP800R: 2002-2005; GP1300R: 2003-2008; This means that all of them are pretty aged and available only on the used market.

## ~~Yamaha GP1200 For Sale: Are They Still Worth Buying ...~~

I'm looking to replace my piece of junk Polaris PWC with a Yamaha. There are several of the GP760 and GP800 models in good shape for sale in my price range. I'm looking at ones that are mostly 1999 to 2001 models. I know the 800 has 120 HP vs. 90 HP for the 760. What I'd like to know is if the 800 is going to be less reliable. I

# Access Free 1997 1998 Yamaha Waverunner Gp760

would rather have more reliability than  
more HP.
