*Business Process Management (BPM) as a Service Market Size ...*

Active and effective business process management, better known as BPM, can make the difference between a successful and an unsuccessful organisation. BPM is a well established discipline for continuous improvement of organisational performance based on the principle that every work in the organisation is a part of a business process.

*BPM Training – Business Process Management Course*

The BPM aspect uses well-documented business rules and processes to ensure consistency throughout systems and teams. Therefore, every business process inherently becomes business-friendly. Instead of creating multiple processes, business users can create one process, and reuse the APIs to tailor another process to specific business needs.
