A close examination of the phase portrait of mutual cooperation (a plot of the cooperation rate at time t versus $t+1$) indicates that low-levels of cooperation are typically followed by low levels of cooperation, but on occasion, cooperative outbreaks occur in which cooperation rates rise quickly to a peak and then rapidly fall off. Thus, we observe relatively short epochs of sustained cooperation.

Cooperation and teamwork facilitate communication by fostering an atmosphere of mutual support in which each member of the team feels supported by the others. This communication between team members increases feelings of solidarity as everyone begins to develop similar ideas about where their team is headed.

~~Why Is Teamwork or Cooperation Important in the Workplace ...~~

Cooperation is one of the most widely taught skills. At an early age, we are taught "united we stand, divided we fall." Cooperation means to work together to achieve a common goal. In the workplace this means a healthy environment in which employees work side by side to achieve both personal and organizational ...

Communication and Cooperation in Markets . By S. Nageeb Ali and David A. Miller. Get PDF (228 KB) Abstract. Many markets rely on traders truthfully communicating who has cheated in the past and ostracizing those traders from future trade. This paper investigates when truthful communication is incentive compatible.
