Income statements and balance sheets report on either a 12-month period or a single date in time. As a facility manager, you should be able to look at any single year and understand what the expense ratio of, for example, maintenance costs is to total revenues of the business. But knowing a single year is not enough.

Facility Financial Accounting And Reporting System Ffars ...

Financial accounting is the field of accounting concerned with the summary, analysis and reporting of financial transactions related to a business. This involves the preparation of financial statements available for public use. Stockholders, suppliers, banks, employees, government agencies, business owners, and other stakeholders are examples of people interested in receiving such information for decision making purposes. Financial accountancy is governed by
