A few years ago, around 15% of the searches Google got consisted of words it had never seen before. It had no way of knowing exactly what the user was looking for.

What Is Semantic Search and Why It's Important In

Page 26/46

Presence Que

Access Free

Google

2020

The semantic analysis is used to better understand

the search query

intent. A search engine needs to

match that query

intent with web

pages it has in the index. The

semantic coding

can be used to

explain to a search

Page 27/46

Presence Que

Seo Techniques

That Get Your

Search - David

Amerland

Search engines have always been at the forefront of

driving the AI initiative. Since its

Page 30/46

Presence Que
