strengthened host-
country capacity for
decision making.

Educators

Tools ▯ MEASURE
Evaluation

1. Introduction.

Evaluation is an
essential part of
quality improvement
and when done well it
can help solve
problems, inform
decision making and

Online Library Measurement

build knowledge.

While evaluation comes in many shapes and sizes, its key purpose is to help us to develop a deeper understanding of how best to improve health care.

Evaluation: what to consider ... - The Health Foundation
Evaluation assists

Online Library Measurement

with using the data and information to judge success or failure. Evaluation can take place without numerical measurement as it measures performance.

Measurement requires some standardized tools for measuring. A speedometer

Online Library Measurement

measures the speed
of the moving car and
a thermometer
measure the
temperature of a give
space.

Difference between
Measurement and
Evaluation |
Difference ...

1. Distinguish clearly
between Assessment,
Measurement and

Online Library Measurement

Evaluation. Other definitions of evaluation as given by practitioners are: 1. A systematic process of determining what the actual outcomes are but it also involves judgement of desirability of whatever outcomes are demonstrated. (Travers, 1955) 2.
