With the current emphasis on standards-based education, teachers everywhere are searching for programs and practices that have the strongest positive effect on student achievement. Since its initial publication in 1972, *Models of Teaching*, now in its eighth edition, has been considered the classic text in the field. Rationale and research pair with real-world examples and applications to provide a strong foundation for new educators.

TextBook Models Of Teaching 9th Edition

With the goal of providing the strongest positive effect on student achievement while keeping in line with the current emphasis on standards-based education, Models of Teaching pairs rationale and research with real-world examples and applications to provide a strong foundation for future and new educators. The book encompasses all of the major psychological and philosophical approaches to teaching and schooling, includes thoroughly documented research on the various models of teaching and ...
