Place a heart in a dissecting pan & rinse off the excess preservative with tap water. Pat the heart dry. Examine the heart and locate the thin membrane or pericardium that still covers the heart. The pericardium or pericardial sac, is a double-layered closed sac that surrounds the heart and anchors it.

Pig Heart Dissection - BIOLOGY JUNCTION

Based on the KS3 Year 8 Human Heart topic, this resource guides students through the dissection of a pig's heart. I have also created a worksheet to recap heart external and internal structure that is included. I did this lesson about mid-way through our topic on the heart and it really helped students to grasp the theoretical content.
